Ovalin™ 46

Whole Egg Product

Don't follow the standard. Set the standard.

For pet foods, egg is the quality standard by which all protein ingredients are measured. Not only that, egg is the single most nutritionally complete whole food item, period.

Ovalin 46 whole egg product delivers a balanced amino-acid profile, energy, vitamins, and minerals to help you formulate better foods and treats. Whether you use egg as a feature ingredient or simply as nutritional assurance, Ovalin 46 can help make your products more nourishing and affordable.

Benefits:

- Industry-leading amino-acid profile quality
- High protein-to-ash ratio (8:1 or better)
- A natural, label-friendly ingredient
- Shelf-stable
- Nutritionally efficient compared to other protein sources
- Allows for optimal formula flexibility

Ovalin 46 is most efficient in meeting essential amino acid needs

Fewer grams of Ovalin 46 can meet essential amino-acid needs, which demonstrates the efficiency of egg as a protein source.
