Ovalin™ 46 Cage-Free

Dried Whole Egg

Set the standard for quality and animal-welfare compliance

For pet foods, egg is the quality standard by which all protein ingredients are measured. It's also the single most nutritionally complete whole food item, period. With Ovalin 46 Cage-Free Egg from Nutrios™, you can deliver that natural nutrition while assuring consumers that your products comply with current and developing animal-welfare standards.

Ovalin 46 delivers a balanced amino-acid profile, energy, vitamins, and minerals—ideal for use as a feature ingredient or for added nutritional assurance. Premium-quality egg can also enhance your marketing claims, especially as consumer preferences and regulatory realities demand cage-free production.

Benefits:

- Natural, label-friendly ingredient
- Compliance with enhanced animal-welfare standards
- Third-party-verified supply chain
- Industry-leading amino-acid profile
- High protein-to-ash ratio (10:1 or better)
- Shelf-stable
- Nutritionally efficient compared to other protein sources
