Chicken Fat

Preferred For Palatability

Cats and dogs agree: Nuvin™ chicken fat means better flavor.

Our liquid chicken fat is made from chicken that is gently cooked, well below rendering temperatures, and is further clarified to improve flavor and shelf stability. In fact, cats and dogs significantly preferred our chicken fats over rendered fats!* And there are plenty of reasons for you to prefer our premium chicken fat for your formulations:

Benefits:

- Uses 100% USDA-inspected raw material
- Free fatty acid 1.5% or less
- Moisture maximum only 0.25%
- No offal ever
- No off odors—no deodorizing necessary
- Natural-, synthetic-, and no-antioxidant options
- Salmonella-negative guarantee available

Nuvin™ Chicken Fat Comparison

Chicken Fat vs	Dog Preference	Intake Ratio
Byproduct Fat	5.7 to 1	2.8 to 1
Chicken Meal Fat	1.9 to 1	1.2 to 1
Deodorized Fat	4 to 1	2.6 to 1

Chicken Fat vs	Cat Preference	Intake Ratio
Byproduct Fat	3 to 1	1.8 to 1
Chicken Meal Fat	4 to 1	2 to 1
Deodorized Fat	1.9 to 1	1.5 to 1
