OvaBind® 80

Egg-Based Binder

The most powerful pet-food binder available.

Egg protein has been used as a binder in cooking and baking for centuries. Modern pet food processing relies on binding more than ever. OvaBind® 80 by Nuvin™ is the patented egg-based binder of choice in wet foods made with turkey, fish, or other hard-to-bind meats. OvaBind® 80 also helps kibble quality and binding in ultra-high-meat-inclusion extruded foods that contain more than 60% fresh meat. Its functionality is second to none, combined with first-class nutrition in a high-protein, low-ash binding ingredient.

Benefits:

- Best binding functionality available
 - Wet foods
 - High-meat dry foods
- Clean-label
- Versatile and easy to formulate
- Raw gel strength exceeds egg whites**
