# OvaShell

## Dried Egg Shell

### Circular calcium source for growing animals

With OvaShell, Nuvin™ offers the industry a circular calcium product with a small amount of protein. Especially in pure meat wet formulas, OvaShell is a unique source of better digestible and sustainable calcium compared to limestone or coral.

#### Benefits:

- Circular calcium source
- Contains protein
- Includes egg shell membrane
- Egg shells contain at least 35% of valuable calcium and trace amounts of other minerals, such as Mg, Cu, Mn, and Zn

#### Specifications:

Protein
