Ovalin™ 80

Concentrated Egg Protein

*Our most powerful,
highest-protein egg product.*

Get the most out of your formulation with our highest-performing protein product. Ovalin™ 80 delivers the most protein possible without weighing down your formula with high levels of ash and fat. With this powerful concentrated egg protein, Nuvin™ makes it easy to elevate your products' nutritional appeal and enhances binding performance—even better than whole egg! Pasteurized and shelf stable, Ovalin™ 80 brings premium quality, versatility, convenience, and reliability to your operation.

Benefits:

- The industry's benchmark for protein quality
- 81% protein minimum
 - 75% more protein than whole egg
 - Balances your formulas' amino-acid profiles
 - Elevates total protein on your label
- 75% less fat than whole egg
 - Boosts protein without adding fat
 - Enhances control of fat addition in production
- Industry-leading 18:1 protein-to-ash ratio (typical analysis)
 - Load up on protein, lose the ash
 - Gain total-formula ash control for cat and puppy foods
