Ovalin™ 40

Natural Egg Protein

Gain flexibility. Keep your label.

Dogs, cats, pet owners, livestock growers—everyone sits up and takes notice when natural egg protein is on the menu. Now, Ovalin™ 40 gives you even greater flexibility to meet your nutritional goals with egg protein, without changing your label.

Ovalin™ 40 natural egg protein delivers the balanced amino-acid profile, energy, vitamins, and minerals that make pet foods, treats, and commercial livestock feeds more appealing—all together in a new label-friendly option, only from Nuvin™.

Benefits:

- Industry-leading amino-acid profile
- High protein-to-ash ratio (6:1 or better)
- Natural and label-friendly
- Shelf-stable
- Nutritionally efficient compared to other protein sources
- Highly cost-effective

Specifications:

Meeting essential amino-acid needs
Amount needed per day for a 33lb dog
